

## Team Mustang and M2 Update – Chris Webber, Manager, Team Mustang, M2, Premier/Hawker 400

The Mustang and M2 session will provide owners with the latest information on technical issues that the fleet is reporting. Cessna will update pending service bulletins and letters as well as provide information to owners on trends being seen in the fleet. We will also discuss seasonal topics to help you get your aircraft ready for the fall and winter seasons. Our being able to see the entire fleet gives us the ability to track issues and relate them in seminars to provide you with the latest information about your specific model Citation.
